WILLOW BEACH MARINA
 Put In or Take Out Point

All of us at Downriver Outfitters want to thank you for choosing us as your outfitter. We want you to have a safe and enjoyable trip so **"WEAR YOUR LIFE VEST"**.

The road to the launch site is called the Lower Portal Road. It is the only service road to the Dam, and closed to the general public. It was built in 1931, (Hoover Dam Construction 1931-1935), when Las Vegas had only a population of 5,165 people. It descends approximately 1,100 feet in 1 1/3 miles. Have your camera ready, you may see Big Horn Sheep and can also take your Dam picture.

Please use caution at the waters edge, it can be very slippery.

You will see mileage markers along the river. Hoover Dam is MM 64 and Willow Beach is MM 52 1/2, (your take out point). River right is Nevada and river left is Arizona.

Points of Interest

- | | | |
|--------|----|--|
| 63 1/2 | NV | Old Cat Walk and Gauging Station. |
| 63 | NV | Sauna Cave – Approximately 130 degrees with heavy mist. |
| 62 3/4 | NV | Gold Strike Canyon – Numerous hot springs, 70 to 144 degrees. |
| 62 1/2 | AZ | Lone Palm Canyon – Water Fall and Mexican Fan Palm. |
| 61 3/4 | NV | Boy Scout Canyon – Great hot springs and some petroglyphs. |
| 60 | AZ | Ring Bolt Rapids – White Rock Canyon – Numerous hot springs, side canyons and camping areas. |
| 59 3/4 | AZ | Petroglyph Wash – Great Indian art but hard to get to. |
| 58 3/4 | NV | Weeping Springs Cove – The combination of water and plant erosion can clearly be seen. A classic gravity fault is a short distance down stream. |
| 56 1/2 | AZ | Dragons Back – High on the canyon wall you will see a prominent ledge of a dark molten mass of rock, known as a dike and imagination says a dragons back. |
| 56 | AZ | Cranes Nest Canyon - Camping and canyon exploring. |
| 55 1/2 | NV | Rice Weed Canyon – Large sandy beach area. Good for large overnight groups. |
| 54 1/4 | NV | Gauging Station – Operated between 1920-1930 to measure depth of water, rate and quantity of flow and suspended silt. |
| 54 | AZ | Emerald Cave – Cave was hollowed out by a faulting. This cave was featured in the Arizona Highways Magazine. |
| 54 | AZ | Cat Walk – Elevated canyon walk way to the gauging station. |
| 53 | AZ | US Fish Hatchery – One of the largest trout hatcheries in the US and rearing approximately 1 million fish per year. |
| 52 1/2 | AZ | Willow Beach – Willow Beach was an Indian trading camp for approximately 1400 years. THIS IS YOUR TAKE OUT AREA, PLEASE USE THE BOAT LAUNCH RAMP DOWN STREAM END. |
